

# SILVANA DELLA CAMERA PHOTOGRAPHY

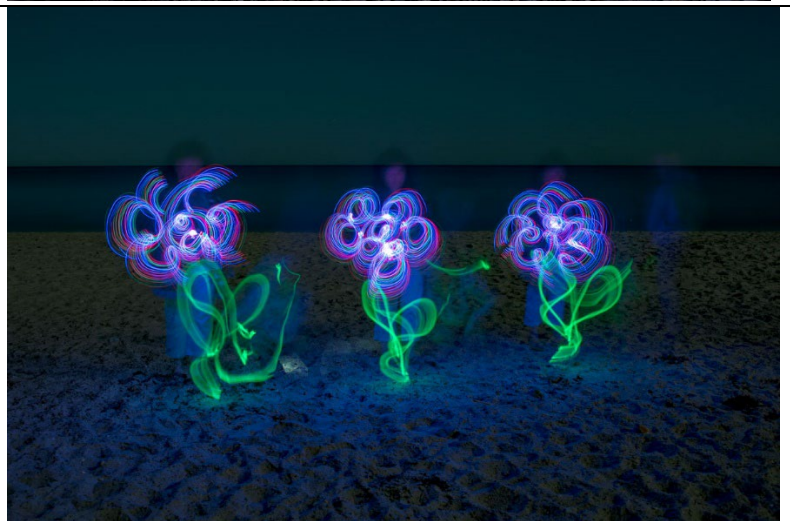

## Milky Way & Acadia NP Photo Tour May 31-June 5, 2024

Come wallow for 5 days of camera eye candy in the rugged beauty of Downeast Maine on the [Milky Way and Acadia National Park Photo Tour!](#) Acadia National Park is a prime spot for Astro landscape photography thanks to its location. The park is situated on the largest island in Maine and is rich with picturesque vistas prime for day and night photography. A few spots open.

## Light Painting at Rexhame Beach May 11<sup>th</sup>, 2024

Ready for some light painting with a touch of pyrotechnic on a beach? Come play with light on a [photo walk at Rexhame beach](#) on May 11th. We'll be experimenting with light painting and pyrotechnics to capture unique photos. You'll have the chance to express yourself and bring your imagination to life against the beautiful beach backdrop. If you have never tried light painting, it's a challenging yet addicting form of photography.

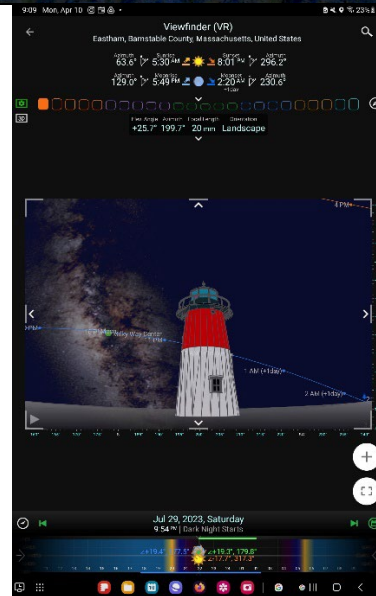

## PlanIt! Pro App Workshop June 22<sup>nd</sup>, 2024

[PlanIt! Pro](#) app is my go-to for planning shots around New England and anywhere I plan to travel. I've been using it for over a decade and I highly recommend it to any landscape, nature, or astrolandscape photographer out there.

You might be wondering why I'm hosting a class for an app. Well, this is not your ordinary app - it is a powerhouse once you understand what it is capable of. So, if you're interested in taking your photography to the next level, this workshop is worth considering.

Via Zoom.

# SILVANA DELLA CAMERA PHOTOGRAPHY

## Photo Walk at Neds Point Lighthouse June 29<sup>th</sup>, 2024

Photo walk at [Ned's Point Lighthouse](#). Some folks are aware of my lighthouse addiction and this beauty is another favorite of mine. This lighthouse no longer has its lightkeeper house thanks to it being moved across the bay in 1923, so it has a unique, standalone look to it. We will start with sunset and hope for good conditions to capture some star trails.

## Photo Walk – Larz Anderson in Infrared July 12<sup>th</sup>, 2024

At one of my favorite parks, we have an [Infrared Photo Walk at Larz Anderson Park](#). This park is the largest in Brookline, MA, and was once the Larz Anderson estate. It has a beautiful pond and gazebo and is a wonderful place to shoot infrared.

## Photo Walk at Beavertail Lighthouse July 20<sup>th</sup>, 2024

Join me on a [Beavertail Lighthouse Sunset & Star Trails Photo Walk](#). This is one of my favorite places to photograph the stars be it star trails or the Milky Way. We will start with sunset, shoot lighthouse beams, and hope for good conditions to capture some star trails.

## Milky Way Chase Workshops May – October, 2024

These are heavily weather-dependent and will be announced with short notice. For both [groups](#) and [private](#) sessions.
