Join me in capturing the luminescent magnificence of the night skies while immersing ourselves in the rugged beauty of Maine. We will be shooting in Acadia National Park and locations around Bar Harbor. Prepare yourself for an adventure-filled time with lots of photographic opportunities.

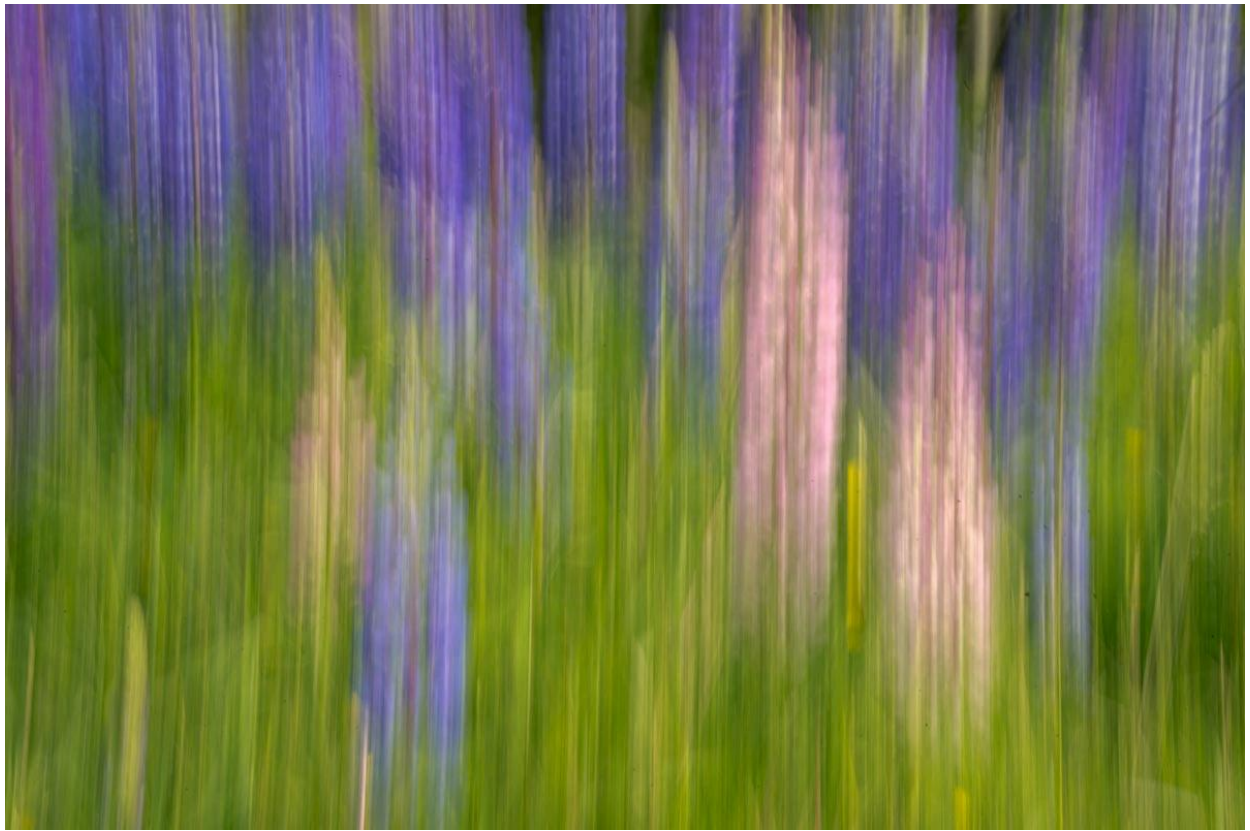

While there is an abundance of beauty present in daylight, the protagonist of the excursion is Milky Way photography so plan on coffee strategies to endure the late nights! Online sessions will be held (live and recorded) before and after the workshop.
