

SILVANA DELLA CAMERA PHOTOGRAPHY

Spring is around the corner. Although the temperatures are cold, the longer days and angle of the Sun seem to diminish the fact we are still in winter. The light is beautiful! The planet parade is still visible, now there are 7 planets in view, so keep enjoying the show! 🪐 Next month, we have a total lunar eclipse! More information regarding this event will be coming soon.

It was awesome seeing some of you at the Milky Way and astrolandscape workshop this weekend at the [Greater Lynn Photographic Association](#)! If you are part of a club or art association and are interested in hosting a workshop on photographic techniques, I would be happy to assist you.

We have a [light painting photo walk at Larz Anderson Park](#) in a few weeks. We will create orbs and light art with light painting tools! Each attendee will receive a tool to create orbs and other light art to keep. Light painting is a blast!

The [lighthouse crawl on Cape Cod](#) in May is now waitlisted. Another [lighthouse crawl on the Cape](#) is scheduled for September. September is another perfect time to capture the Milky Way; if we are lucky with clear skies, the Milky Way is vertical in September and still prime for photography. After Labor Day, the Cape gets quiet again and thus less inundated with light pollution. [Registration](#) is open.

We have a [Milky Way adventure in Acadia National Park](#) at the end of May. This is another of my favorite places to capture the stars. In a couple of weeks, the best time to book lodging in the Bar Harbor area will begin. Affordable rooms go quickly so if you are interested in the May/June tour please plan accordingly. The dates for the autumn Acadia tour have changed. It has been moved from October to September due to schedule conflicts. September is beautiful in Acadia and the Milky Way still has a lot of presence in the night sky.

Clear skies,
Silvana

Let's go on a light painting adventure in this gorgeous park. The park boasts a variety of stunning trees, a pond, a gazebo, and several walkways that offer great photo opportunities. During this photo walk, we will be experimenting with light painting, creating orbs, and light art.

Registration is open.

Milky Way in Acadia National Park Tour - May 30-June 4, 2025

Milky Way photography, the splendor of the rugged coast of Maine and the charm of Bar Harbor...

Join me in capturing the breathtaking beauty of the night skies while immersing ourselves in the rugged landscape of Maine. We will be photographing in Acadia National Park and at various locations around Bar Harbor. Get ready for an adventure-filled experience with plenty of photographic opportunities!

There is an abundance of beauty with every glance. Come join me on a photo tour in picturesque New England.

A few spots open.

Cape Cod Lighthouse Crawl - September 12-14, 2025

Cape Cod Lighthouse Crawl. We will focus our attention on the lights on the outer Cape, specifically Highland Light, Nauset Light, Chatham Light, the Three Sisters Lights, and the areas around them. We will visit these quintessential Massachusetts lighthouses, in areas with beautiful beaches and dunes. The focus is on these beauties at night when lighthouses ramp up their charm.

Registration is open.

Autumn in Acadia National Park Tour - September 19-24, 2025

Astrolandscape photography, the splendor of the rugged coast of Maine, and the charm of Bar Harbor...

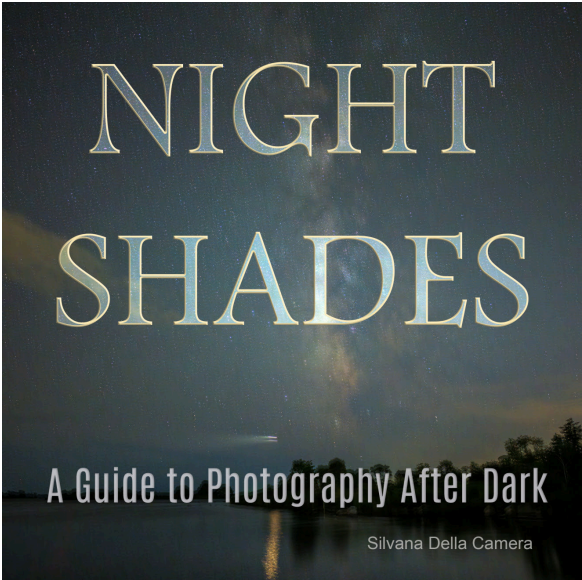

Immerse yourself in the breathtaking beauty of autumn as we embark on a captivating photo tour through the charming landscapes of New England. The best time to see Fall colors in Acadia is typically mid-September through early October. This is when the leaves of the trees and plants in the park begin to change color, and the scenery is simply gorgeous! Join me for an unforgettable journey filled with stunning vistas, charming small towns, and the crisp, invigorating air of the season. Don't miss the chance to capture the enchanting essence of fall in this enchanting region!

(The tour dates have changed.)
